

Welcome to the new **Platinum ergo Ultimate**

The simple pleasure of ascending your stairs to your favourite room shouldn't be a challenge.

The New ergo Ultimate Stairlift is designed with your comfort and independence in mind, so you can enjoy every room of your home once again.

Why Choose the New ergo Ultimate?

Every New ergo Ultimate Stairlift is tailor-made to fit your home perfectly, offering a seamless blend of advanced technology, thoughtful design, and exceptional comfort.

Whether your staircase is steep, narrow, or curved, this innovative stairlift provides the perfect solution.

Your New ergo Ultimate offers many features, some of them unique to ergo Ultimate:

The New ergo Chair ✓

Active Power Swivel ✓

First Step Start ✓

Up to 160kg weight capacity ✓

“

I never thought I'd need a stairlift, but the Platinum ergo Ultimate has made such a difference. It's so easy to use, and it feels smooth and steady. I can go up and down the stairs without feeling nervous anymore - it's given me my confidence back."

Power Footplate option

Unparalleled Comfort with the ergo Chair

The New ergo Ultimate stairlift is designed with your comfort and convenience in mind. Its ergonomic design features adjustable arms, backrest, chair pads, and footplate to ensure a snug and tailored fit. When not in use, the foldaway arms, footplate, and chair pad keep your staircase clear and accessible for others.

For added support, the optional ergo Plus chair pad offers a specially contoured design, ideal for those with shorter legs or difficulty bending their knees. With every detail customised to suit your needs, you can sit back, relax, and enjoy effortless and secure journeys up and down your stairs.

Options to fit your life

Experience a comfortable and secure ride with the ergo Ultimate Stairlift. You can choose to travel facing upwards, sideways or downwards, whichever way you find more comfortable. Choose the perfect start for your staircase with options like First Step Start, Standard Start, Overrun Start, or Wrap Start. For personalised control, select the easy-to-use joystick or rocker switch controls, these can be mounted on your preferred side, ensuring effortless use every time.

A Stairlift Built Around You

Personalised Just For You

The Platinum ergo Ultimate stairlift isn't just built for your stairs—it's thoughtfully designed to fit seamlessly into your home and adapt to your lifestyle. With comfort, style, and ease of use at its core, it's more than a stairlift—it's a solution that enhances your daily life.

The fully adjustable ergo Chair now features a space-saving backrest as standard. The armrests, backrest, and chair pad of the ergo Ultimate adjust to suit you perfectly, offering the support and ease you need.

The ergo Ultimate has a weight capacity of up to 160kg (25 stone), offering strength and reassurance for a variety of needs.

The ergo Chair

The ergo Plus Chair

For those with shorter legs or difficulty bending their knees, the optional ergo Plus Chair pad, with its gentle contours, allows you to rest your feet on the footplate, providing a support tailored to you.

Direction Control

Going up or down is easy with the Direction Control. And you can choose between a rocker switch and a joystick.

Rocker Switch

Joystick

The Rail

The **First Step Start**, exclusive to the ergo Ultimate, is a game-changer in stairlift design.

As the only stairlift on the market with this innovative feature, it removes the need for the rail to protrude into your hallway—keeping your entranceway clear and unobstructed. Designed to blend seamlessly into your home, it offers the perfect balance of safety, comfort, and style, without compromise.

First Step Start

We also offer a range of rail start and finish options - Standard, Overrun, or Wrap Start and Finishes - ensuring your stairlift is tailored to fit your home seamlessly. No matter your staircase layout, there's a solution designed to provide a perfect fit while maintaining ease of use and accessibility.

Standard Start

Overrun Start

Standard Finish

Wrap Start

Active Power Swivel

The Active Power Swivel is a smart, adaptive feature that allows your stairlift seat to automatically adjust its direction during travel.

This innovation means the stairlift can be fitted on narrower staircases and navigate around obstacles, ensuring a smooth, safe, and effortless journey every time.

Direction of Travel

Your New ergo Ultimate stairlift can be designed to travel in a number of directions to suit your needs. You can choose to travel facing the staircase, sideways or facing downwards. The upwards facing travel is the perfect solution for people who suffer with vertigo, labyrinthitis, or are just not comfortable with heights, providing a safe and reassuring way of travelling in your stairlift.

Downwards Travel

Upwards Travel

Swivel options

Choose between Active Power or Manual swivel options, designed to make turning your chair smooth and effortless.

Whether you prefer the convenience of power assistance or the simplicity of manual control, the New ergo Ultimate is designed for your needs, ensuring safety and ease every time you use it.

Safety Features

Peace of mind for you and your loved ones.

- Safety seatbelt: Simple to use and designed to keep you secure throughout every journey.
- Battery-powered reliability: Operates seamlessly even during power cuts, so you're never left stranded.
- Obstacle detection: Advanced sensors automatically stop the stairlift if any obstruction is detected, ensuring your safety.
- Real-time display: Provides clear, easy-to-read updates on the stairlift's status and performance.
- uCare: keeps your stairlift connected, providing real-time updates, monitoring usage, and alerting you to potential issues.

The Upholstery

Personalise your stairlift with a range of upholstery colours designed to complement your home décor. This attention to detail ensures your stairlift feels like a seamless addition to your home, combining practicality with style.

Designed to Fit Beautifully into Your Home

We know your home is special.

The New ergo Ultimate's compact design keeps your stairway open and accessible for everyone. With its foldaway arms, seat, and footplate, it tucks neatly out of the way when not in use, providing added convenience and a seamless fit into your home. Blending practicality with elegance, it ensures both comfort and style without compromise.

Introducing uCare

THE **SMART WAY** TO HAVE PEACE OF MIND

uCareTM
by platinum

uCare keeps your stairlift connected to the cloud, ensuring that you and your loved ones are always informed about how it's being used and if anything needs attention. You can receive real-time updates via email, so whether you're nearby or further afield, your loved ones can always feel reassured that you are safe.

With Platinum's leading technology, uCare continuously monitors the stairlift, alerting you to any potential issues such as faults, warnings, or if the lift hasn't been used for a while. This means you can have peace of mind, knowing everything is working as it should.

uCare operates independently, without the need for a phone line or Wi-Fi, using secure mobile networks. It's part of Platinum's commitment to making life easier for you and your loved ones.

Why choose Platinum?

Platinum Stairlifts are a British manufacturer, located in Yorkshire. We have been a provider of high-quality stairlifts since 1996.

Committed to the highest level of quality, safety, comfort and reliability. Every stairlift is tested in our manufacturing facility to the highest standards prior to delivery.

Platinum Stairlifts only sell through an Approved Partner Network across the world. You can be assured that your stairlift provider is knowledgeable, fully-trained, and supported by us to provide the best solution for you.

Our mission is: To give people the freedom to live independently at home...

...by building the best stairlifts and delighting our partners.

"When our customers need a stairlift, time is of the essence. This is why we choose to work with Platinum Stairlifts. They provide a quality product for staircases of all shapes and sizes, and with a great turnaround time. Finally, if there are ever any issues, they are always on hand to support us and resolve things quickly."

Platinum Partner

Proudly providing mobility freedom to people all around the world.
